

Cinturato™ **ALL SEASON PLUS**

CINTURATO™ ALL SEASON PLUS is the evolution of the current Cinturato™ All Season: enhanced product performance for drivers living in urban areas that are looking for an innovative and alternative mobility solution.

The new tread pattern compound improves performance both in winter and summer condition, with a special focus on snow and wet, guaranteeing a safer drive.

It's the only aftermarket all season tyre with Seal Inside technology which seals itself if punctured. This latest product enhances Pirelli's line-up by offering a tyre that works equally well throughout the year.

HIGH PERFORMANCE IN BRAKING AND HANDLING

The 3D SIPE TECHNOLOGY guarantees the optimized movement of the tread blocks, increasing the stability of the tyre's footprint.

HIGH PERFORMANCES IN WINTER AND SUMMER CONDITIONS

Tread pattern compound features stiffness stability over a wider temperature range. This feature improves performance both in winter and summer.

WET SAFETY

Directional tread pattern design, two wide longitudinal and lateral channels optimize water expulsion reducing aquaplaning risk
