

各种胶布贮罐及贮囊

Various rubber coated fabric tanks and storage sac

产品介绍: Field of scientific research:	<p>产品主要用于贮存油料、水及气体。体轻、可折叠、运输方便、不用基础、移动性好特别适用于油田、地质等野外作业用。产品尺寸可根据客户要求生产。</p> <p>The products are mainly used for storing oil, water and gas. Light weight, foldable, convenient transportation, no foundation, good mobility, especially suitable for field operations such as oil fields and geology. Product size can be produced according to customer requirements.</p>
科研领域: Field of scientific research:	各个领域 All fields
应用工程: Application engineering:	各个工程 All kinds of engineering projects
用途: Usage:	<p>根据不同需要制作成软体贮油罐、软体贮水罐及贮气胶囊，用于贮存油料、水及气体。</p> <p>The flexible oil tanks, flexible water tanks and gas storage capsules, manufactured as per different demands, are used to storage oil, and water</p>
规格型号: Specification:	可以根据用户要求制作 Manufacturing as per user's requirements
特点: Property:	<p>体轻、可折叠、运输方便、不用基础、移动性好特别适用于油田、地质等野外作业用。</p> <p>Low weight, folding capacity, easy transportation, without base, good mobilization, especially suitable for oil field, geological work and field work.</p>
