

Cinturato™ **WINTER**

 CAR —  WINTER —  TOURING

CINTURATO™ WINTER developed to meet the needs of the European consumers in terms of safety and performance on all road surfaces, the new product completes Pirelli's product portfolio in the Cinturato family. It represents the highest level of winter technology and it has been developed to achieve maximum safety and control in all winter conditions.

MULTIACTIVE 4D SIPES

Improved dry/wet braking safety thanks to block stiffness.

NEW PROFILE AND MATERIALS

Square footprint and regular pressure distribution maximize dry grip improving dry handling and dry braking.

WINTER GEAR DESIGN

Excellent mobility on snow due to a high level of mechanical traction on all surfaces.

WATER ESCAPE ACCELERATOR

Reduction of aquaplaning risk and increased wet safety thanks to better water and slush expulsion.
